Verse 1

Off with your hands,
Your dirty stares.
Off with your fake attention

I don't need to
Make changes so
You can be my only go-to

Don't want it all,
Don't want it now.
Just don't want you in my view.

You listen now
You listen good.
My world is not made for you.

Verse 2

I see a road,
You see a view.
I know you do, I know a fool.

My plan is new,
Got things to do.
Your plan is just to get through.

Don't speak to me,
Or think of me.
I'm like a virus to you.

Find someone else,
To take your shit
Yours truly, long overdue.

Chorus:

I think I am through
I think I am heading out
I think I am through
I think I have doubt

Bridge

Just let me be,
I want to love.
And plant my seed
And watch it grow.
