Baby, tonight is the night to come and fly and baby  
don't worry, i'll be  
there to catch you if you fall

So baby, don't worry  
i'll be there to catch you if you fall  
'Cause tonight, is the night  
for us to find it all

So Lets Fly, Lets Fly, Lets Fly  
Till we find it all  
So Lets Fly, Lets Fly, Lets Fly  
Till we have it all

Baby, I need you to come up and fly with me  
because I feel alive, when I see your pretty face

(X2)

So baby, don't worry  
i'll be there to catch you if you fall  
'Cause tonight, is the night  
for us to find it all

So Lets Fly, Lets Fly, Lets Fly  
Till we find it all  
So Lets Fly, Lets Fly, Lets Fly  
Till we have it all
