You are the girl with the smiles and gravity  
and gravity gets things done  
you're always up and you're always down  
but you make it look so fun  
And you want them to see  
and you want them to know  
but they never find the real you  
you never once complained  
but now twenty years are gone  
and you're ready to explode

I will wait here, darlin'  
to make sure you are okay  
I will wait here, darlin'  
for you

I am the one who can solve all your problems  
a savior with only you to save  
and that's why I'm here at least I tell myself that  
the motivation becomes so blurred  
And you want me to see  
and you want me to know  
but I never find the real you  
you're buried just beneath the surface  
and you're ready to explode

I will wait here, darlin'  
to make sure you are okay  
I will wait here, darlin'  
for you

I will wait here, darlin'  
to make sure you are okay  
I will wait here, darlin'  
for you

I will wait here, darlin'  
to make sure you are okay  
I will wait here, darlin'  
for you  
for you

You are the girl with the smiles and gravity  
and gravity gets things done  
you never once complained  
but now twenty years are gone  
and you're ready to explode
