why can't you try  
and love me because i'm  
standing on the edge  
so show me theres no time  
to rewind to spring time  
before our hearts still cold  
now its winter lots of splinter and our heart beats way  
too slow  
now our heart beat way too slow

so long nice to know that you  
once were a major part of me  
love comes and ruins everyone  
so whats so whats the point of it all  
nothing stays forever  
we try to keep it together  
until we fall apart again

so now my love lies a graveyard  
filled with broken bones and memories of glass ones  
before i was alone with myself in my head  
and sleep inside you tell cuz your lonely for the lonely  
and the lonely never tell

so long nice to know that you  
once were a major part of me  
love comes and ruins everyone  
so whats so whats the point of it all  
nothing stays forever  
we try to keep it together  
until we fall apart again

cmon lets fall apart again

cuz its so nice not to think twice  
while were planning to our escape  
from the sad things and the bad things  
that we always come back to again  
like a refrain like a weak vain  
like a story so gorey  
we cant seem to turn ourselves away

so long nice to know that you  
once were a major part of me  
love comes and ruins everyone  
so whats so whats the point of it all  
nothing stays forever  
we try to keep it together  
until we fall apart again

cmon lets fall apart again

we get so emotional  
we get so damn emotional
