A suburban scene you can smell the gasoline
You can see the moon is a veil dripping blood on the
SUV's
All the kids are leaving now while the curtain is
dreaming
How will their parents know where they go when they
hide behind gated communities

Now it's four on the floor
Check your head at the door
You've been here before but you wanted some more
And the kids from L.A. say "Hey, hey"
La la la
La la la
La la la
Everyone's going L.A.

A suburban tease you can see their dirty knees
You can see them bounce off a wall like a racquet hits a
ball
But they always come back again
A Jamaican breeze you can smell the anti-freeze
You can see the world is a maze when you're young
and you're free
To be anything you wanted to be

Now it's four on the floor
Check your head at the door
You've been here before but you wanted some more
And the kids from L.A. say "Hey, hey"
La la la
La la la
La la la
Everyone's going L.A.

And everybody loves a roller coaster ride
Everybody loves a little suicide
Everybody loves a roller coaster ride
Everybody yeah, everybody
And everybody loves a roller coaster ride
Everybody needs a little place to hide
Everybody loves a roller coaster ride

Everybody yeah, everybody

Now it's four on the floor
Check your head at the door
You've been here before but you wanted some more
Alone in the dark you pop like a spark
There's sex in the air but there's love in their heart
There's shadows on the wall
Secrets in the hall
Checking the phone to see who's called
And the kids from L.A. say "Hey, hey"
La la la
La la la
La la la

Everything is going our way
Hey, hey yeah everyone's going L.A.

Get outta the way boy get outta the way
Get outta the way girl get outta the way
Get outta the way boy get outta the way
Get outta the way girl get we're going L.A.
