yo the way i greet u is a nine in your face
since i was born i was consider a disgrace
neva was scurred to shoot up the place
or put my tim boot to ur face
u dont really want beef leave your head on ur moms
dooor lik a reaf
u fukin wit a cheif
the lama made u jump out of ur pajama
phaze eso es que me llama
split u lik a bananna
while i take a tony montana
ive seen this rap shit turn into some pap pap shit
over of exchange of words
or fightin over birds
make me whip out the third
straight out the bronx and queenz cross county killer
got a jump shot lik reggie miller
ur consider a dirty diaper cuz ur full of shit
pop u in ur upper lip let u watch ur favorite color drip
left hand to flip right hand to empty out the clip
must of been a bad trip that caused a sudden flip
in 6 months iam going to be on a ship
on the low while ur girl is on her knees giving me a blow
