I never thought I would find someone like you  
Never thought I would be in love  
You are too good to be true  
You walked into my life  
I soon am to be your wife  
You are the man I was praying for  
I can't ask for nothing more  
Chorus: I prayed night after night for someone like you  
I was afraid of being lonely too  
But then you walked into my life  
And I sure do wanna be your wife  
You already won me over  
I am yours forever  
We are together every waking day  
I have so much with you  
I can never stay away  
We have good times and sometimes bad  
But I can never be mad  
You always think it's your fault  
And that's what I love about you  
You're so caring  
But I make mistakes too  
Chorus  
I never had this with anyone before  
You are someone I love more than anything in this  
world  
I would lose something to you but not now  
Not yet  
I really love you!  
I know if I am sick, you will be there for me  
I know if I am down, you will help me  
I know if I need help, you will help me  
You do things for me that no one else has  
I REALLY LOVE YOU!!  
Chorus ( 2x until fade)
