"Dont pass me by"

Visit "[Dont pass me by](#)" on MotoLyrics.com

My heart it longs
My soul it thirsts for more
For more of You

I'm reaching out
I'm waiting here for more
For more of You

Cause all
I want is You
And all I need
Is to be here with You

I'm hungry
For Your fire
I'm desperate
Your my one desire
Jesus
Please don't pass me by

Cause I need You
More than ever
I'm thirsty
For a touch from heaven
Jesus
Please don't pass me by

Don't pass me by
I'm desperate for You
