I hear the sound of the generation  
Lifting their voice, rising as one  
Now is the time for Your Name to be lifted high

Forever we'll sing of the things You have done  
Nothing compares to Your power and love  
Now is the time for Your Name to be lifted high

We lift Your name  
Higher than any name

Forever we will sing  
Glory to the King  
Forever, forever  
Name above all names  
We will shout Your praise  
Forever, forever

Ye-yeah....

I hear the sound of the generation  
Lifting their voice, rising as one  
Now is the time for Your Name to be lifted high

Forever we'll sing of the things You have done  
Nothing compares to Your power and love  
Now is the time for Your Name to be lifted high

We lift Your name  
Higher than any name

King of Kings  
Forever we will sing

Forever we will sing  
Glory to the King  
Forever, forever  
Name above all names  
We will shout Your praise  
Forever, forever

Forever, forever  
Forever we will shout Your Name  
Forever we will shout Your Name  
Forever we will shout Your Name  
Forever we will shout Your Name

Forever we will sing  
Glory to the King  
Forever, forever  
Name above all names  
We will shout Your praise  
Forever, forever

Forever, forever  
Forever we will shout Your Name  
Forever we will shout Your Name  
Forever we will shout Your Name

Forever, forever  
Forever we will shout Your Name
