More than a nice melody,
More than the sweetest of word's,
This is love i have found,
and with this love i am found.

I just want you jesus, i just want you my lord,
I just want you jeses, i just want you.

Never could i comprehend,
The love you so freely give,
Never could i be with you,
But you love covers all of my sin.

I just want you jeses,
I just want you my lord,
I just want you jesus i just want you.

There is no greater love than your's,
Nothing else could ever compair,
And even if i search all the world i will never find a love
like your's god.

There is no greater love than your's,
Nothing else could ever compair,
And even if i search all the world i will never find a love
like your's.

I just want you jesus,
I just want you my lord,
I just want you jesus,
I just want you,
Jesus!
