I gaze into Your Glorious light  
I know You're with me day and night  
And now I want to praise Your name

There's nothing else that I want more  
Than just to look at You in awe  
I sense Your Spirit set to move

I know Your love it never ends  
I know Your power gives me strength  
I know somehow I'll never be the same

It's Your grace  
That brought me freedom to praise  
And glorify Your Name  
My passion is to worship You  
It's Your love  
A sacrifice to give eternal life  
I praise You Lord  
And Glorify Your name
