"No Tomorrow"

I was lost until You found me
You came and rescued me
The day You set me free
I was looking for something

I will follow You
Everyday I'm running after You

I want to tell You how I feel
I never felt this way before
You make me wanna dance like
There's no tomorrow

After all the things You've done for me
I've got to tell You now
You make me wanna shout
Like there's no tomorrow

Now I'm found
Your grace has saved me
I give my life to You
Nothing else I'd rather do
Cause I'm living it for You

I've got to tell You
What I'm feeling
I've got to shout
And praise Your name

I've got to tell You
What I'm feeling
I've got to shout
Like there's no tomorrow

Like there's no tomorrow
