VERSE 1:

When you are in need of someone that you can stand
beside,
I will reserve my judgment, I won't be of two minds.

CHORUS 1:

Hey my lady,
Why believe in heaven?
Cos you and me can believe in what we see - it's all
we
need.

VERSE 2:

Don't let my darkest moments define everything I've
done.
Only the worst you've noticed - isn't what I've
become.
The pain I have given can't be forgiven,
You have to live in hurt.
Let's not repeat this, let's end before these,
Bridges have all been burned.

CHORUS 2:

Hey my lady,
Why believe in heaven?
Cos you and me can believe in what we see - it's all
we
need.

EXT. CHORUS:

Hey my lady.
Hey my lady.
