(Mike)

There was a time when I first saw your face.
And there was a time wherewhen ?our? minds and
hearts todo race.
And there was a time when I checked my breath just in
case.
And there was a time for wearin' leather and lace.

(Mike)

There was a time when love filled, filled up our days.
And there was a time of endless bedroom stays.

(All)

But there comes a time when you must walk away.

(Mike)

There was a time when I thought I knew you well.
There was a time we both would ?bulk?? our shell.
There was a time when we just laughed when you fell.
There was a time when there was no ?matters?? to yell.

(All)

There was a time when darkness entered our days.
And there was a time our habits no longer ???.

(All)

There comes a time when you must walk away.

(All)

Do do do do do.
Do do do do do.
Do do do do do.
Do do do do do.

(Mike)

There was a time we both said we'd try to be friends.
There was a time of painful closures and amends.

(Mike w rest singing "Oh oh oh...")

There was a time without ?which?? no longer may ?
sends?.

(Mike)

There comes a time when every happy moment ends.

(All)

There was a time our distance was more than OK.

And there was a time when there was nothing more to say.

And there comes a time when you must walk away.

And there comes a time when I must walk away.

(All, w Mike singing "Ohhhhh!")

Do do do do do.

Do do do do do.

Do do do do do.

Do do do do do.
