(All)

You can't be too careful.
You can't agonize over it.
You can't be too careful.
Make your mind up and go for it.

(Dave)

You say you wanna make some changes,
maybe quit and get an education.
Maybe you'd like Louisiana,
you could maybe manage a plantation.

There's always teaching English in Tokyo,
or maybe you'd be better off here.
Come a little bit closer.

(Dave & Jian)

I wanna put a little word,
put a little word in your ear.

(All)

You can't be too careful.
You can't agonize over it.
You can't be too careful.
Make your mind up and go for it.

(guitar and harmonica section)

(Dave) (Mike & Murray)

Now, now you wanna go skiing in Aspen,
but you're ashamed of your equipment. you're
ashamed of
And you're dyin' for a fairy tale romance, it all...
but you're not that good at commitment.

When you feel like Woody Allen for the dialogue,
but you prefer Tarantino's vision.
Holding up the ticket line

(Dave & Jian)

is not the time,
not the time to make this decision.

You can't be too careful.
You can't agonize over it.
You can't be too careful.
Make your mind up and go for it.

(Jian says "can't")

You can't be too careful.
You can't agonize over it.
(Dave exclaims "Please don't")
You can't be too careful.
Make your mind up and go for it.

(guitar and harmonica outro)
