Shorty sexy, lookin fine, heard you'd like to play some time

Wont cha come to tha crib, so me and you can freak sometime

Yea, I broke yo mama down, heard you like to get freaky now

Drink some gin, smoke some weed, tell me all tha shit that you need

Luckily, I got game, somehow to drank, betta change

Barely know tha bitch name, tellin me freaky thangs

Pussy hole gettin wet, bitch aint seen nuthin yet

No repsect, wit her tongue out, ready to put my dick, inject

Nigga please, I cant be, 2 weak in tha fuckin knees

Heard tha bitch had cheese, sucked my dick like a Japanese

Plus tha bitch is high, nigga dont gotta lie

Take me 10 G's, told me skeet it in her eye

Freaky as she wanna be, sayin that she trustin me

Say she had a good time, wit this big, black dick of mine

Call me on my cell phone, when you wanna spend time alone

Jus make sure that nigga gone, promise you it's gon be on

Chorus

One freak is all I'll eva need  
Keep her suckin dick and constantly up on her knees  
Every night I treat her right and make her feel good  
I got her doin things that she said she neva would

One freak is all I'll eva need  
I guess you cant turn a hoe into a housewife, ha?

Situations gettin punky now, bitch dont try to change  
Shit gon stay tha same, long as I'm in this game  
All I do is make that cash, keep this dick up in that ass  
I cant let that pussy pass, hopin that I hope it last  
Money seen, money gon, call me on my cell phone  
Sayin some ol' dumb shit, sayin she aint even home  
Damn, I wanna fuck now, guess I'm outta luck now  
Keep a swift glove baby, spend a 100 bucks now

Chorus

I cant be alone tonight, please dont fuss and fight  
3 o'clock in tha mornin', yea I know that pussy tight  
Tryin to hide, hea I come, me and you gon have some fun  
Drink a bottle of Moyet, smoke a whole sack of bomb  
Make a nigga wanna stay, wearin sexy lingerie  
Doin everything that I say, pussy good everyday  
Cash flow, she gon pay, break me off everyday  
Every hour, ching, jus to hang wit these nation rydaz

Chorus[x2]

One freak is all I eva need[x3]
