Let's play keep away
Let's play keep away

It's been a long time
It hasn't been that long
Asking you to come back
Turned out wrong
I feel like a cheater, am I wrong?
I feel like a cheater

I cannot find out
How you'll turn out next
If you change your ways
Baby, that works best
I feel like a preacher, am I wrong?
I feel like a teacher, am I wrong?
Am I wrong?

Well, I know you're gonna change around me
Yeah, I know you're gonna change around me
Well, I know you're gonna change around me
Yeah, I know you're gonna change around me

Today I saw you
Tomorrow slap me sideways
Today I saw you
Tomorrow slap me sideways
