Now, I'm not saying that I'm, feelin' lonely but I
Wouldn't mind it if you'd, come and warm me for
awhile
Baby for awhile
Because you're, hot on the outside and you're
Sweet in the middle and I'm, guessin' that someday
you might
Want just a little of my love-That's what I'm thinkin' of
So baby don't pretend
Don't pretend there's nothing there-Don't act as if
you're unaware

'CAUSE I-I CAN SEE IT IN YOUR EYES (EVERY SECRET
THING)
I CAN READ BETWEEN THE LINES (EVERY SECRET
THING)

Every secret thing
You thought you, had me figured for a
Somethin' or other or the, kinda guy you wouldn't
Bring home to mother, now you know-Love will only
grow
Baby don't pretend
Don't pretend there's nothing there-Don't act as if
you're unaware

(CHORUS 2x)

We hide, and we keep from one another
Won't change, this night-Tonight will last forever...yeh
Baby don't pretend
Don't pretend there's nothing there-Don't act as if
you're unaware

(CHORUS 2x)

Every secret thing
