Broken down on this lonesome highway  
Just my luck that you were heading my way  
Together we drove off into the night  
Wherever we end up will be alright

I will follow you down  
Wherever you go  
Through every twist and turn in the road  
I will follow you down  
Wherever you go

The open air and the stars above us  
There ain't a thing that can come between us  
Remember ... We were strangers yesterday  
Tomorrow we could change our lonely ways

I will follow you down  
Wherever you go  
Through every twist and turn in the road  
I will follow you down  
Wherever you go
