"Get it Right"

We made love in this room, you mended all my wounds
You said that you would never leave me
Now when I look in your eyes and try to just justify
The words that you are speaking
I've made some mistakes along the way
But now I've got something I want to say

We're gonna get it right, why do we have to be so blind?
Just to see the light, we're gonna get it right
Oh yeah, when I was lost at sea, drifting endlessly
You were the light that guided me back home

So throw me one line, you're not the hurtin' kind
I'm floating 'round in circles, I'm not gonna fake it with you, girl
You've got what it takes to rule my world, we're gonna get it right
Why do we have to be so blind just to see the light?
We're gonna get it right, oh yeah

They say, it's a foolish man who gives his heart away
But I know this foolish man will win you back one day

I've made some mistakes along the way
But now I've got somethin' I want to say
We're gonna get it right
Why do we have to be so blind just to see the light?

We're gonna get it right, oh yeah, oh yeah
We're gonna get it right
Why do we have to be so blind just to see the light?
Yeah, we're gonna get it right, oh yeah, oh yeah
