Baby, am I chasin' a rainbow?  
Lately, I've been lost in a shadow

You're nowhere, if you think that I'll always be there  
I'll be there for you now

When you gonna open up and let me in?  
I can't hang on to forever, baby  
When you gonna let my love for you begin?  
Hey, I don't wanna bring you down  
But we've come too far to turn around  
We've come too far to turn around

Baby, tell me where did your heart go?  
Lately, I've been lonely like you don't know

Is it real, to deny me the way I'm feelin'?  
I feel it for you now

When you gonna open up and let me in?  
I can't hang on to forever, baby  
When you gonna let my love for you begin?  
Hey, I don't wanna bring you down  
But we've come too far to turn around  
We've come too far to turn around

We've come too far  
We can never, we can never turn around  
One, two, three

You're nowhere, if you think that I'll always be there  
I'll be there for you now

When you gonna open up and let me in?  
I can't hang on to forever, baby  
When you gonna let my love for you begin?  
Hey, I don't wanna bring you down  
But we've come too far to turn around

When you gonna open up and let me in?  
I can't hang on to forever, baby

When you gonna let me live my life again  
Hey, I don't wanna bring you down  
But we've come too far to turn around  
Turn around

Oo yeah, we'll come too far to turn around, oh yeah  
Don't wanna bring you down, we've come too far to  
Don't you know we've come too far? Oh yeah  
We can never turn around, oh
