You've got to learn how to leave me be, for us to ever  
get along  
You've got to give me the kind of time it takes,  
to prove I'm right or wrong  
'Cause nobody knows what I had to go through  
maybe no one even cares  
But all the while as the clock was tickin', I've been holed  
up in my lair  
And doin' things my own way, my own way

You say I don't have a leg to stand on, so it's a good  
thing I've got two  
But if I had only one leg to stand on, that's exactly what  
I'd do  
No one can say there's a right or wrong way  
everyone's got their own advice  
But now am I back to where I started, after all I've  
sacrificed?  
By doin' things my own way, my own way  
I gotta do things my own way, yeah my own way

Watch out

I've got these feelins' I'm tryin' to deal with  
I'm not so sure you understand  
If I seem to be too preoccupied, to fit into your plans

It's just that its one thing on top another now it's one  
too many high  
I wonder how many piles of things it takes, to bury me  
alive  
I'm doin' it my own way, my own way  
I gotta do things my own way, my own way

Yeah, I gotta do things my own way, my own way  
Gotta do things my own way, yeah my own way  
Oh yeah it's just the way as they take

My own way, my own way  
My own way, my own way  
My own way, my own way

My own way, my own way  
My own crazy  
My own damn way
