(1st Stanza)

In a world that is full of greed and pain  
Where the politicians have free reign  
To wear you down  
This is what I've found

They will never lay a hand on us  
They will never understand in what we trust  
Is so much stronger, oh  
I don't know if I'll make it  
I don't know if I'll make it through

(Chorus)

Is it all in my head, all in my head?  
These memories gone bad  
Don't turn away from your past  
Am I the enemy  
All in my head, all in my head  
These memories gone bad  
Don't turn away from your past  
Am I the enemy

(Hey!)

(2nd Stanza)

I'm reaching out to you  
I have no doubt that you'll pull through  
So take your place  
This is a game we play

They will never lay a hand on us  
They will never understand in what we trust

Is so much stronger, oh  
I don't know if I'll make it  
I don't know if I'll make it through

Is it all in my head, all in my head?  
These memories gone bad  
Don't turn away from your past  
Am I the enemy  
All in my head, all in my head

These memories gone bad  
Don't turn away from your past  
Am I the enemy  
Am I the enemy  
Am I the enemy

Sing with me  
Sing, sing with me  
Sing with me  
Sing, sing with me  
Sing with me  
Sing, sing with me  
Am I the enemy  
Am I the enemy  
Am I the enemy

Is it all in my head, all in my head?  
These memories gone bad  
Don't turn away from your past  
Am I the enemy (4x)

Am I the enemy  
Am I the enemy  
Am I the enemy
