Look into my eyes i am the one who you despise
cuz i exposed your lies and its my turn to watch you
burn (TO WATCH YOU BURN)
i hope you choke i the letters that you wrote telling me
that you'd be here to the end you'll never see a
different side to me a side that you just could not ever
understand
sing it like last time, where every line has been derived
you'll get great reviews, but i refuse, to be reused
i hope you choke on the promises you broke telling me
that you'll always be my friend you'll never see a
different side to me a side that you just could not ever
understand

i hope you choke (ON THE LETTERS THAT YOU WROTE) i
hope you choke (ON THE PROMISES YOU BROKE) i know
you'll choke (ON THE LETTERS THAT YOU WROTE) i
know you'll choke (I HOPE YOU CHOKE)
i hope you choke on the promises you broke telling me
that you'll always be my friend you'll never see a
different side to me a side that you just could not ever
understand
i hope you choke (ON THE LETTERS THAT YOU WROTE) i
hope you choke (ON THE PROMISES YOU BROKE) i know
you'll choke (ON THE LETTERS THAT YOU WROTE) i
know you'll choke (I HOPE YOU CHOKE)
