Go!

I remember a year ago, I was standing in the crowd
Waiting for my chance to break through, my chance to
live again
Now it seems I've found some friends who finally
understand
What it takes to make this dream come true, we'll be
here till the end

Shake it, break it, get off your feet
Come dance with me and don't you fake it
Shake it, break it, get off your feet
Get close to me and don't you fake it

Shout and scream my friends, connect with me and
we'll pretend
This night will never end, this night will never end
Just let go you'll see together we'll do anything
This night will never end, this night will never end

Shake it, break it, get off your feet
Come dance with me and don't you fake it
Shake it, break it, get off your feet
Get close to me and don't you fake it

Oh, wish I could thank you all for what you have done
And all of the things that you have shared with me
Oh, wish I could take you all too where I must go
Wish I could take you all, I'll take you in my arms

Get on the floor
Get on the floor
Get on the floor
Get on the floor
Get on the floor

Shake it, break it, get off your feet
Come dance with me and don't you fake it
Shake it, break it, get off your feet
Get close to me and don't you fake it

I'm reachin' out here to show you
What we've been through
I think there's something we can share
That's completely new or maybe I'm just insane, whoa
oh

Shake it, break it, get off your feet
