Well she never was the best
Yeah at following the trends
Stayed one step above the rest
And even though it seemed

Like the world was crashing on her
Didn't let it hold her down
Didn't hold her back oh no

Don't worry you'll show them

[Chorus:]

There's a fire in your eyes
And I hope you'll let it burn
There's a scream in your voice
And I hope you will be heard
There's a fire in your eyes
And I hope you'll let it burn
Until you're heard, you're heard

Seventeen is just a test
Yeah and I would recommend
That you live with no regrets
And even if it seems

Like the world is crashing on you
You shouldn't let it hold you down
Shouldn't hold you back oh no, woah oh

Don't worry you'll show them

[Chorus]

Relax girl, turn down the lights
No one can see you shining
Relax girl, it'll be alright
No one can stop you if you try

Point of rhythm is to follow it in time
To listen to the beating in your mind
Remember if you seek then you shall find
Woah oh

[Chorus x2]
...until you're heard...
