I know that you want the candy x3  
Gimme candy I've never had  
Tastes so sweet makes good love bad

Sweet sweet lips  
The taste of you tonight  
Turn me on  
Strangers in delight  
Sugar done melt the day  
The dark comes bittersweet  
Black lollipops  
Come on gimme a dirty treat

I know that you want the candy x4  
Gimme candy I've never had  
Tastes so sweet makes good love bad  
Fallen out with my love  
A grievous time to pass  
Sugar done break my heart  
A heart not meant to last  
In spite of saddened days  
I hooked myself on you  
But all my troubled ways  
Still walked with me boo hoo

I know that you want the candy x4  
Gimme candy I've never had  
Tastes so sweet makes good love bad

Gimme some C to kill  
Gimme some C to tease  
Gimme some C so I can wrap  
Myself in you  
Oh please

But everything came around  
Candy done taste sweet  
Made me think what I found  
An expired love treat  
I gave myself to you  
I wanted nothing back

I plowed my way through hell  
For a sweet, sweet love attack

I know that you want the candy x8  
Gimme candy I've never had  
Tastes so sweet makes good love bad
