I miss you when you're gone,
A heart without a home,
Just tell me it will be okay.
I need ya,
Can't get enough of your face.
I miss the way you called,
When you put me on hold,
I keep the words you throw away.
I want ya,
But what you want from me is a chase.

And then I tripped,
And fell in love, love, love,
I will never ever be the same.
Soon as we kissed,
Girl you're bad for my health,
I need help.
{D-d-d-d-Doctor}

911!
What's the problem?
She's breaking my heart for fun!
So whatchu gunna do?
I need a cure,
A love eraser,
Cause nothin' I do is working.
911!
What's the problem?
She left me like a hit and run!
So whatchu gunna do?
I'm gunna run,
Oh yeah,
I'm gunna fly away.
So tell me operator,
How do I operate her?

I see you in my dreams,
A picture perfect theme,
Exposure never comes out right.
I took my time,
Got the focus right, tonight.

And then I tripped
And fell in love, love, love
Oh, I never should've played this game.
Soon as we kissed,
Girl, you're bad for my health,
I need help.

How do I operate her?

I can feel,
I can feel,
I can feel,
Like I get no control.
It's just push and pull.
When will I learn that,
Everything 'bout that girl's bad?
So tell me operator,
How do I operate her?
