I've been thinking that the stars are all aligned,
I'm young but I am bright enough to read solar signs.
So, is it cool if I call you around 8 or 9?
We'll talk a real long time about the days when we were
young, we're still young. (we're still young, we're still
young, we're still)

I told you that your heart's quite big and I like it, but you
were skeptical, skeptical.
Oh-Oh, can you feel me in the sunrise, or in the
daytime?
I like your night eyes.
And you are beautiful in every single way, I would like
to see your shining face every day.
If I'm lying may the lightning strike me down to the
ground,
'Cause I don't need electric currents when you're
around.

I'll contrive a way to find you diamond rings,
I'll sell all of my things or rob a jewelry store, but what
good could that do?
'Cause love is something that just can't be bought or
sold,
It won't come when it's told it only comes from the soul.
So do you got soul?
Because you've got me so wrapped up- wrapped up in
you.

So darling do you know(darling do you know) how you
got so lovely?
Was it self-taught, learned from life? You've got skills
making boys go Crazy, and I've been running down the
stairs again,
I think you're in my head girl, I think I'm freaking out
girl.
Sometimes I wonder if you're even real, if not it's cool, I
don't wanna go Back to the way that it was,
I don't wanna go back 'cause I think I may be

I'll contrive a way to find you diamond rings,

I'll sell all of my things or rob a jewelry store, but what
good could that do?
'Cause love is something that just can't be bought or
sold,
It won't come when it's told it only comes from the soul.

Your relationships come and go,
But what makes a difference is how you take
advantage of the flirting eyes,
Lips and thighs, romance and regrets, this is a ship
wreck.
Your relationships come and go,
But what makes a difference is how you take
advantage of the flirting eyes,
Lips and thighs, romance and regrets, this is a ship
wreck.

I'm the one who fell in love and stayed that way.
I'm the one who fell in love and stayed that way.
So take my advice,
Love with your head love with your heart, love with all
you have.

I'll contrive a way to find you diamond rings,
I'll sell all of my things or rob a jewelry store, but what
good could that do?
'Cause love is something that just can't be bought or
sold,
It won't come when it's told it only comes from the soul.
So do you have?
