I was broke  
I was tied ow un-bound  
My head is off the ground  
For a long time I was so weary  
Tired of the sound I heard before  
Knowing oh the nights I'm out the door  
Haunted by the things I did  
Stuck between the burning light and the dusty shade

Said I used to think the past was dead and gone;  
But I was wrong, so wrong  
Elements of blindness make you strong, makes you  
strong; yeah  
In my time I melted into many forms  
From the day that I was born  
No I know there's no place to hide;  
Stuck between the burning shade and the fading light

I was broken for a long time  
But it's over now  
Said I was broken for a long time  
But it's over now

Yes and you, yeah  
You walk these lonely streets where people stand,  
people stand  
And some people just can't and I do pretend.

I'm free from all the things that saved my friends  
I was there until the end  
And I know I can take the moon

Stuck between the burning shade and the fading light.

I was broken for a long time  
But it's over now,  
It's over now  
It's over now  
It's over now  
It's over now  
It's over now

I was broken for a long time  
But it's over, but it's over  
But it's over, but it's over  
But it's over, but it's over  
But it's over now,  
now, now, now...

But it's over, but it's over  
But it's over now, but it's over,  
But it's over, but it's over now,  
Now

I was broken for a long time  
But it's over,  
But it's over now yeah  
Over now, it's over now.
