It's not pretty, though it never is  
But nothing that's too hard to bear  
Pay no attention to the dark circles  
They have always been there  
Don't mistake me to be broken down  
Just because I'm on my knees  
I can withstand most anything  
I was born with teeth  
Born with teeth  
Out the womb into an ugly world I've  
been thrown  
Welcome to the race  
Up on two legs before it tumbles on me  
I'm not looking for a kind word to keep  
me going  
It's so much better of this way  
To, to be born with teeth  
After all that I've seen taken place  
Very little has affect  
I've been treated like I should have been  
At least that's what my mind says  
I'll be around when everyone has been satisfied  
or overcome  
It's possible even my happiness will be  
stumbled on, stumbled on  
Out the womb into an ugly world I've  
been thrown  
Welcome to the race  
Up on two legs before it tumbles on me  
I'm not looking for a kind word to keep  
me going  
It's so much better of this way  
To, to be born with teeth  
I can get along  
I get along without too much advice  
Ahh, but if it weren't so hard to make  
things right  
It's gonna be whatever fate will bring  
I've managed to look good so far  
But there's no use pretending  
Out the womb into an ugly world I've  
been thrown

Welcome to the race  
Up on two legs before it tumbles on me  
I'm not looking for a kind word to keep  
me going  
It's so much better of this way  
To, to be born with teeth  
Yes I was  
Born with teeth
