

## Red Duce "Making You Moan"

Visit "[Making You Moan](#)" on MotoLyrics.com

They call me Red Duce.

(chours)

I'm pullin on your head while in workin on your back  
making you moan

switch positions you on top screaming baby don't you  
stop losing  
control.

(x2)

She a freaky girl she like whip cream  
stay fresh new shoes new everything  
but that don't matter tho' it's not about that  
you're personality poppin' you always come back  
and i love you for that i put that on my momma  
always stay with me even through the little drama  
so imma hold on and never let go yeah imma hold on  
and never let go  
and i aint even playin my girl too thick coat like ice  
cream like can i get  
a lick??

aye i like that aye go and run that back  
you know i like to make love to my own track  
if it hurt a lil' we can take it real slow  
we can take it fast make your knees touch your elbows  
any way you like it cuz i willing to try it i'm paid so sit on  
my face, i will  
buy it.

(chours)

I'm pullin on your head while in workin on your back  
making you moan  
now switch position you on top screaming baby dont  
you stop losing  
control.

(x2)

Baby so real i love the way you smell  
and i can tell her anything cuz she will never tell  
i told the hommies that i love her always thinking of her  
and she loves to play fight all under covers  
they told me slow down you moving to fast  
but life to short and making anyone flash  
so imma make it worth while for the time being  
yeah imma make it to the fullest just the same meaning  
i love playing with her booty it's so cute

yes i'll do, lemme put it on you  
hit it from the back and hit it one more time  
she like to make love  
baby lets slow grind  
turn off the lights and turn off the cable  
lick her from her chest all the way to her navil  
turn of the lights and turn off the cable lick her from  
her chest to her  
little navil  
(chours)  
I'm pullin on your head while i'm workin on your back  
making you  
moan  
now switch positions you on top screamin baby dont  
you stop losing  
control.
