Cool MC (hidden track)

INTRO

Hi.. Hi everybody, IÂ'm a cool IÂ'm cool because my  
rap proves IÂ'm cool  
And also I love to rap. Mic check 1-2 1-1-2 mic check but  
listen to my  
just listen to my listen to my rhymes

VERSE 1

I use big words to sound smart miscellaneous  
Rapping at the drop of a dime instantaneous  
Went for an interview up at the Radisson  
Supervisor told me that IÂ'm worse than Billy Madison  
Gave me a strange look and said tell me what are your  
skills  
I said I can make pet animals out of a dollar bill  
With nothing to say speechless, blank face and  
wondering  
As a last resort I just stood up and started blubbering  
Blubbering flubbering gotta stop the crying  
Even in my school play I played the cowardly lion  
My best friend hitting on girls, oh he looks so stupid  
Everyone else tells me IÂ'm no modern day cupid  
February 14th, got to get a valentine  
I asked one hundred and two ladies and then they all  
declined  
Got to find a date so IÂ'm calling up the date line  
Thought I found the one but then she tells me that she  
hates rhymes  
IÂ'm the Cool MC so I gotta keep searching  
Happy meals at McDonalds where I wish I was working  
Headed to toy stores to check up on the Star Wars  
Do not try to enter cause Darth Vader is guarding my  
door  
Room is booby trapped with hot wheels, Robin and  
Batman  
Ninja Turtle turtle power they all like my rapping  
Family always tease me but they better be aware of the  
New hip-hop star, rap idol from America

CHORUS

IÂ'm a real MC you don't know proof

Why because, I have my room as my studio booth  
And it's just plain to see by the hooks that I boost  
That I, belong here you need no more proof

#### VERSE 2

Nickname's Cool MC, that's why I keep on rapping it  
5 shows they threw me off the stage, what's  
happening?  
To the bowling alley so I sang the karaoke  
30 seconds in they all jumped up and tried to choke me  
Out the back door and my face hit the pavement  
The a homeless man shouted 'Hey you're my  
favorite'  
I said oh really? Would you like to hear my best verse  
Heard it out the blurted out 'Are you a clown jester?'  
I walked off fast but I still heard the laughing  
Wasn't supposed to be funny, so it's kind of baffling  
Trying to tackle the meaning my mind is in circles  
10 girlies told me already I'm a rapping Urkel  
I'm a Cool MC how could this be the real truth  
Toilet paper roll microphone, but I'm still cool  
Jewelry ain't real, and I don't have a J.O.B.  
Thanks to the cracker jack boxes, now I'm sporting  
diamond rings  
So iced out, that I make you go blind now  
Every time I stroll by everybody always gonna say wow  
Gonna say how, wow how is that car still going?  
I can go faster than your Pinto if I was running  
I told her just wait, until I get a tune-up  
2 years from now you'll be mine, cause I just have my  
2 bucks  
Geez I found a dollar so I put it in my pocket  
Next stop Billboard's number 1 hit you can't stop it

#### CHORUS

I'm a real MC you don't know proof  
Why because, I have my room as my studio booth  
And it's just plain to see by the hooks that I boost  
That I, belong here you need no more proof
