Don't Think About It

Verse 1

Round one, Stepping into the ring
But I ain't flashy like the Prince with the bling
Warming up with a smile I'm gonna get the job done
If you don't want a beatin you best get up and run
But nah, saying for real I'm a Soulja at war
Vegas gots money and boxing runnin the stores
Atlantic City baby, get your boombox ready
If you really wanna battle you best get ready
Blue and black, black and blue they come
The iced out patches, only the raw type ones
So if you gonna bet, bet on the A plus team
One count two count one more makes three
My prediction is, the KO'd knockout punch
If you hear a big snap that's your jaw going crunch!
Boom! Right hook left uppercut to the chin
You see them dropping to the floor you know who's
gonna win

CHORUS

Don't think about it, Don't even think about it
My crew will win and I don't doubt it
The A team is back in the building
Make noise everybody yeah ya feel me

Verse 2

Round two, So now what you gonna do
Step to me that's like stepping the boundaries
Partners say that I got hits like Sonny Liston
If this opinion is true you must be listening
Shuckin and jiving, I'm jiving shuckin fakin them out
One hit to the dome and then they bent their lights out
Fed off of corn was the real deal Holyfield
If you see the fist coming get your eye chilled
But if you get knocked down, don't be a punk get up
You gotta gotta keep pressing on got to suck it up
Now you know that when I fight, I fight to win
And if I focused on the thin talk forget my pen
You a lightweight, middleweight, heavierweight
You got to throw a couple jabs cause this here your fate
One thing I know is my crew gets stacks

And Iâ€™ma fight the good fight in this title match

CHORUS

Donâ€™t think about it, Donâ€™t even think about it

My crew will win and I donâ€™t doubt it

The A team is back in the building

Make noise everybody yeah ya feel me

Verse 3

Round three, So now whoâ€™s it gonna be

Lennox Lewis or Muhammed Ali

Who is the real undisputed King of the ring

Who is the real undefeated champ King of all things

now

Iâ€™ll take a poll then coast to coast,

I ainâ€™t about to rate it on boasting most

You talk the talk can you walk the walk

And Iâ€™m gonna place all my Wâ€™s on a board with

chalk

Give me a towel blood sweat and tears

A debut right now, but beyond my years

Itâ€™s like, guts to glory or Robert to Horry

Being the all time king thatâ€™s the end of the story

So, you ought to know tight Honorbound man

Close fist in my hand thank God for my fans

I got the will power to ignite the crowd

Listen close from round one all the way up to now

CHORUS

Donâ€™t think about it, Donâ€™t even think about it

My crew will win and I donâ€™t doubt it

The A team is back in the building

Make noise everybody yeah ya feel me
