Man let me tell you all about my girl
She's the wildest child in the whole free world
She crazy cool, man she crazy cool
And I'm wild about her, I guess that makes crazy too

I take her out on the town I have to find her low
Man that gal can really go
She crazy cool, man she crazy cool
Well man I'm wild about her, I guess that makes crazy too

Fortune teller told me she would be my bride
Said she's gonna love me til the day I die
She crazy cool, man she crazy cool
Well man I'm wild about her, I guess that makes crazy too

She's got a '49 Buick little hot rod car
But we ain't never the back seat so far
She's crazy cool, man she's crazy cool
Well man I'm wild about her, I guess that makes crazy too

I found my baby out in Hollywood
Now she's a country girl and that sure feels good
She's crazy cool, crazy cool
Well man I'm wild about her, I guess that makes crazy too
