I'm goin' down to that city of light
Got to wear dark glasses the future looks so bright
I gotta go to Las Vegas
Lord I'm going to get lucky some day

I don't believe most things I'm told
But I know those streets are paved with gold
I gotta go to Las Vegas
Lord I'm gonna to get lucky some day

I'm going to go to Las Vegas, put my money down
One of these days I'm gonna own that town
I got a black bone and a juju ball
Gypsy woman told me you can bet it all

I finally found where I belong
Those pretty women gonna love me, hear me sing my
song
I gotta go to Las Vegas
Lord I'm gonna get lucky some day

Gonna' go to Las Vegas in my Studebaker truck
Drive home in an El Dorado, with a little bit of luck
You know I ain't good looking, just you wait and see
I can be the king cuz I choose to be

I finally found where I belong
Pretty women gonna love me when they hear me sing
my song
I gotta go to Las Vegas
Lord I'm gonna get lucky some day
