My baby's hot, she's my one desire
My baby's hot, yeah, she's my one desire
Yes and the way she loves me 'bout to set my house
afire

She'd a red hot gal, she loves me night and day
Well she's a red hot gal, she loves me night and day
'Bout to cause a melt down when she burns me this way

She's hot like Venus, cool like Mars,
Sharp as the fins on a Cadillac car
Hot like the devil in nylon hose
Setting five alarm fires wherever she goes
My baby's hot, she makes me jump and shout
Better call the fire department, I just can't put this fire
out

My baby's hot, Lord she makes me sweat,
Yeah my baby's hot, yeah she really, really makes
sweat
Sometimes I wonder how hot can one girl get

My baby's hot
