Hey Daisy

I hope you found the help that youve been looking for  
found that piece of mind that you had once before

Hey Daisy

Ive gotten all your letters  
you sure sound true  
we send our prayers  
and we're pulling for you

Hey Daisy

when you gunna come home?

Hey Daisy

we're saving a special place at moonlight mile  
a towel and chair just waiting for your beautiful smile

Hey Daisy

you belong with us  
now and forever  
theres a great big hole in my heart  
when we're not together Daisy  
when you gunna come home?

Baby your wings are gunna grow back

soon you'll fly again  
it's a long way here  
from where youve been  
and i cant wait to see you  
all lit up inside  
dont you know youll always be

daisy in my eyes

I cant imagine all the things that youve been through  
to finally loose those people that were chasing you

Oh my Daisy

Sometimes it feels like life can get the best of us  
and im so proud of you  
your fightin for the rest of us

Hey Daisy,

When you gunna come home?

Baby your wings are gunna grow back  
soon youll fly again  
its a long way here  
from where youve been  
and i cant wait to see you  
all lit up inside  
dont you kno youll always be  
daisy in my eyes

walkin in the sunshine  
with big dreams  
and a new home  
all shiny and clean  
and i cant wait to see you  
all lit up inside  
dont you know you'll always be  
daisy in my eyes
