"Get Away"

Hi
yes I'm walking along the grave-yard-
see the graves !
Open wide !
Takes my mind !
Watching bodies coming up and smile.
They are coming up to me and start to cry.

Hey
get away
get away !
Hey
get away
get away !
Hey
get away
get away !

Hope it only was imagination
but
I see the graves
Still open wide !
Takes my mind !
Watching bodies coming up and smile.
They are coming up to me and start to cry.
