Look at you
Look at me
Look at us
Right where we should be
Hand in hand
We vow our love
As a promise to never give up
I won't give up

On a love like this
Some people wait a lifetime
And hope to find
A love like this
Can take you heart on a wild ride
One that never end
One that begins with a love like this

Pounding hearts, shaking knees
Scare to death, I can hardly breathe
But in your eyes, I can see
A reflection of a man who'd do anything

For a love like this
Some people wait a lifetime

And hope to find
A love like this
Can take you heart on a wild ride
One that never end
One that begins with a love like this

When the years have gone by us
And I'm taking my last dyeing breath
I'll look back on this moment
And know how much I've been blessed

By a love like this some people wait a lifetime
And hope to find a love like this
Can take your heart on a wild ride
One that never end
One that begins

And I thank God we're in
A love like this.
