When I wake up in the morning
With a smile on my face
It's you
When I see the sun shining
On a cloudy day
It's you
When I feel my heart start racing
I begin to wonder why
There's only one thing
That comes to my mind

Baby it's you
That's got me thinking 'bout for ever
This feels so much better
Than any love I ever knew
Baby it's you
This time there's no mistaken
Who I've been waiting for
It's you

I feel more alive
Than ever before in my life
It's you
There's always someone to count on
Any day or night
It's you
I always thought I knew
How been in love would be

But this is so much more
Than all my wildest dreams

Baby it's you
That's got me thinking 'bout for ever
This feels so much better
Than any love I ever knew
Baby it's you
This time there's no mistaken
Who I've been waiting for
It's you

I was beginning to think my life would never feel
Complete
But now I've got a reason for every heart beat

Baby it's you
That's got me thinking 'bout for ever
This feels so much better
Than any love I ever knew
Baby it's you
This time there's no mistaken
Who I've been waiting for
It's you
It's you
