When there's a dark storm on your horizon
And you think you can't get through it
Just put your hand in my hand
And i'll show you how to do it

When the future looks uncertain
You can count on me to be there
And when your heart and soul are hurtin'
Just look and you'll see me there

(chorus)
Just follow where i lead
I'll give you what you need
A love that's always true
And someone who believes in you

So when you're searching for that rainbow
I will help you find it
And when a mountain stands before you
I will help you climb it

(chorus)

It's time to come alive
Your moment has arrived
I'll bring out the best in you
We can have it all
No, we will never fall
Looking down from our celestial view

Just follow where i lead
I'll give you what you need
And i'll tell you something else
You'll start believing in yourself

It's an easy thing to do
When you have someone who believes in you

Just follow where i lead
I'll give you what you need
And i'll tell you something else

You'll start believing in yourself

It's an easy thing to do

When you have someone who believes in you

Someone who believes

Someone who believes

I'm someone who believes

And you've got someone who believes in you
