Angelina

(Ruby Paul Original)

You just whistle and she comes running

Angelina, take her or leave her

Swinging her bag across her shoulder

Acting like she's five years older

She laughs at your jokes when they're not funny

Squeezes your arm and calls you 'honey'

CHORUS

All over town I've seen her just lately

Strutting about, it's driving me crazy

What to do, she's sweet on you

Send her a text, it might make me feel better

Tell her to keep her hands off my fella

What to do, she's sweet on you

When we meet up for a coffee

Seems like you don't wanna talk to me

Then I see her in the corner

Angelina, smirking all over

Thinks she looks sexy when she wears a low cut top

Blowing out the smoke from a cigarette

CHORUS

All over town I've seen her just lately

Strutting about, it's driving me crazy

What to do, she's sweet on you

Send her a text, it might make me feel better

Tell her to keep her hands off my fella

What to do, she's sweet on you

Says she used to model for a fashion magazine

Got fed up it was such a shallow scene

Seems to think she's got designer class

Shame that white skirt shows off her fat arse

CHORUS

All over town I've seen her just lately

Strutting about, it's driving me crazy

What to do, she's sweet on you

Send her a text, it might make me feel better

Tell her to keep her hands off my fella

What to do, she's sweet on you
