Brighter Blue  
Ruby Paul jazz Original  
Looking to the day  
I don't wanna run aground  
Never wanna turn around  
When I'm on my way

When I'm on my way  
Shadows cast a darker hue  
Looking for a brighter blue  
Then I'm on my way

The sky's above me  
And I'm flying high  
No walls confine me  
The wind's behind me  
I'm floating free  
No cares can find me

You always used to say  
A rainy day would never last  
All the clouds are drifting past  
When I'm on my way

When I'm on my way  
Stardust fading in my eyes  
Waiting for the sun to rise  
...Then I'm on my way...
