Guardian Angel

1. Around the wheels are turning

Worried voices murmuring

Someone runs and raises the alarm

Over me are peering

Anxious faces leering

But I know that I won't come to any harm

Chorus There's a guardian angel smiling overhead

A guardian angel at the bottom of my bed

So patiently breathing life into my sleep

A guardian angel watching over me.

2. No child alive can be luckier than me

I travelled to the end and nearly died

And now these smiling faces remind me of the places

I lived and laughed and played and danced and cried

Chorus There's a guardian angel smiling overhead

A guardian angel at the bottom of my bed

So patiently breathing life into my sleep

A guardian angel watching over me

Bridge The darkness came and wrapped me up so tight

I never thought I'd see the light again

But suddenly I wake and look around

Safe in my mother's arms again Chorus:

There's a Guardian angel...
