Make it Through Together

1. Lately there's something been weighing on your mind

Taking up your time, pulling you far away
Wondering and worry are creasing up your brow
Making your face frown, turn away from me

Chorus

Baby I know it's true
Lately you're feeling blue
But baby, bad times won't last forever
Whenever the going gets tough
Some loving will smooth out the rough
Baby, we'll make it though together

2. Taking comfort in a sorrow shared
Showing that we care, helping each other
Maybe tomorrow the sky won't seem so grey
We'll make it through the day
Loving each other

Chorus

I won't hold you back, when you start to cry
I'll wipe away the tears from your eyes

Chorus
