Velvet Glove

Ruby Paul Original

Have you ever felt the touch of a velvet glove?

Could it ever heal the pain of a broken heart?

When the darkest night

Returns to morning light

I'll wake to find you lying in my arms

CHORUS

I can't say that I love you

I can't say that I don't care

All I can say, I really want you here today

I can't say that I love you

All I can say is when you're near

Just remember when you touch me

Touch me with a velvet glove

I'm longing for the cool of the summer rain

Won't you come on down and wash away my tears

I can't feel the pain

With the touch of the summer rain

Can feel my heartbeat pounding once again...

CHORUS

I can't say that I love you

I can't say that I don't care

All I can say, I really want you here to stay

I can't say that I love you

All I can say is when you're near

Just remember when you touch me,

Touch me with a velvet glove

Do you know a loving touch can take away that lonely feeling?

Fill the emptiness that's tearing me apart?

Do you know a loving touch is something that I still believe in?

Touch me with your velvet glove

And heal my broken heart... CHORUS

I can't say that I love you

I can't say that I don't care

All I can say, I really want you here to stay

I can't say that I love you

All I can say is when you're near

Just remember when you touch me,

Touch me with a velvet glove
