Raggedy Ann:

Times when you're down and low

Andy:

Every lonely place I go

There's a way I always know

We're always together

Raggedy Ann:

Paper daisies to explain

Sunshine always follows rain

Andy:

And a heart that's sweet and true

Will help us whether the weather

Raggedy Ann:

That's what keeps us together

Andy:

Candy hearts and paper flowers

Sunshine days and skies of blue

Rhymes and songs we sing forever

Words to say I love you true

Times get bad and then I worry

How I'll ever see it through

But candy hearts and paper flowers

Will always keep me close to you

Will always keep me close to you

If the night is gloomy and I'd like to hide

For a chill goes through me 'cause I'm scared inside

That's when I remember all the things you've done

Little things that warm me like the morning sun

And I feel so happy don't you see

'Cause I start to thinkin' just how much you mean to me

So let the night get gloomy any place I go

I got you beside me that's a fact you should know

It's because I love you so

Andy (Raggedy Ann):

If the night is gloomy (Candy hearts and paper flowers)
and I'd like to
hide

For a chill goes through me (Sunshine days and skies
of blue) 'cause I'm
scared inside

That's when I remember (Rhymes and songs we sing
for hours) all the
things you've done

Little things that warm me (Words to say I love you
true) like the
morning sun

And I feel so happy (Times get bad and then I worry)
don't you see

'Cause I start to thinkin' (How I'll ever see it through)
just how much
you mean to me

So let the night get gloomy (Candy hearts and paper
flowers) any place
I go

I got you beside me (Will always keep me close to you)
that's a fact you
should know

It's because I love you so

Raggedy Ann:

Candy hearts and paper flowers
Will always keep me

Both:

Close to you
