I like goin' crazy
When I'm rockin' baby
come and feel out the same
and if you want to yell
this is the right place
There's no stop in this lane
have just fun and go crazy

Chorus
Now you feel like your flying
and I'm not in the ground
Do what you always wnted to do
Let's ride on highway baby
as fast as a lighning
do what you always wanted to do

Let's play hard rock baby
and feel the solo of guitar
that the drums beat your pain
this is the right place
there's no stop in this lane
and you know what I mean
have just fun and go crazy

Now you feel like your flying
and I'm not in the ground
Do what you always wnted to do
Let's ride on highway baby
as fast as a lighning
do what you always wanted to do
