There's nothing in this world  
That keeps us separated  
It's time we move forward  
This movement's underrated  
Here we go  
Ready to stand  
For Him

Hey You  
What are you waiting for  
Everyone needs to shout  
Unite  
We need to make a change  
Right now  
So what are you waiting for  
Get up

Sometimes we try so hard things get too complicated  
We need to take action it seems our passion's faded  
Here we go, Ready to stand, For Him

Hey You  
What are you waiting for  
Everyone needs to shout  
Unite  
We need to make a change  
Right now  
So what are you waiting for  
Get up

We can make a change, We can start again  
We can make a change, We can start again  
So stand up tall, And take my hand  
So stand up tall, Stand up tall

Hey You  
What are you waiting for  
Everyone needs to shout  
Unite  
We need to make a change  
Right now  
So what are you waiting for

Get up
